Women's Retreat
St Joseph Retreat Center, Cohasset, Ma
with MaryBeth Scalice, M.A., Ed.D.

I have had a tantalizing idea, an idea that arises from my practice and my Desire. I have been wondering what might happen spiritually, if a group came together to live and breathe and embody these intentions:

- **Love God with your whole heart, Your whole Mind, Your whole soul, and**
- **Love your sister and brother as your Self.**

Jesus urged us to let go of the old laws and commandments of the scriptures, for a new covenant. He wanted to move us from mechanistic thoughts of right and wrong into the living, breathing **Reality of the Power and fulfillment of Love, as our one true Purpose on earth.** Small mind wants to think *about* these Laws, bristling at the idea that God's Conditions exist! The heart of the beloved embodies and lives them. In fact, they are her joy! They offer her everything because they reveal everything she has been given to offer. They are the conditions of Heaven, and raise our consciousness into heavenly realms as we abide humbly in their GREATNESS and MIRACULOUS POWER.

Please consider joining with me as we explore the sanctuary of the heart, the Power of Love, the obedience and passions of those who have demonstrated awakening as the manifestation of the Holy Spirit through the Laws of Love. These include Mary Magdalene, Teresa of Avila, (Odes of) Solomon, Anna Lee Skarin and Jesus of *A Course in Miracles*. They point to a pathway where the Self becomes the very bed in which all hearts, souls and minds find rest, because The Beloved, The Eternal One, takes repose there. We will come to the Lovers of Life, bringing our whole heart, whole mind, whole Self, to receive more than everything. We will come because our Self cannot be whole apart from the Love of God.
